Commission Members: Please accept this e-mail as my protest against awarding any kind of banking permit to Wal-Mart. It is my opinion that it is a very dangerous thing to do with Wal-Mart's history of treating its employees as a substandard species. I feel that, if awarded this permission, it will only be a short time before the Wal-Mart employees are required to bank at Wal-Mart or lose their jobs. Wal-Mart, with its megabucks, does what it wants, when it wants and, when sanctioned by the courts, pays the fine and continues its practices of deceit and hypocrisy against the public, the community and its employees. They feel above the law, community responsibility and general decency. Sam Walton may have had higher ideals, but these ideals have been corrupted by the greed prevalent among those who now manage the corporation. If awarded (rewarded?) with banking permits, the domination of this corporation over small communities will exponentially increase. Please, for the sake of the American dream and the American people, deny this application. Sincerely, Ms. Roydene Edstrom, Farmington New Mexico
